

Workshop on 'Basic Skills in Image Interpretation' for Medicus Conventus 2018

The **workshop on 'Basic Skills in Image Interpretation'** for Medicus Conventus 2018 was organized by the Department of Radiodiagnosis, LHMC on 16.06.2018. The workshop was planned for a limited number of participants (upto 30 maximum), but three more participants were accommodated at last moment due to strong insistence. The participants were from different medical colleges across the country including Delhi, Ludhiana, Shillong, Saifai, UP, Jammu, etc. Every member of the "Radiology Team" contributed remarkably and significantly in imparting the necessary skills in image interpretation to all the participants. Written feedbacks were taken after the workshop from all the participants...the workshop was highly appreciated from all the participants, and majority of the participants expressed their sincere desire for longer similar sessions.

A **Radiology Quiz** was also held on 16.06.2018 after the workshop. Winners received the merit certificates and the prizes.
